

# LITTLE BOW RESORT CONDOMINIUM ASSOCIATION

CONDOMINIUM CORPORATION NO. 931 1680

July 27, 2010

**TO:** Little Bow Resort Owners

**FROM:** External Relations Committee, Little Bow Resort

## **PAVEMENT ON HIGHWAY #529**

---

In the January newsletter, we mentioned that the Province was very close to adding Highway #529 to the 3 year plan for pavement. In May the Province changed their minds and decided not to do this. They also approached the County and asked them to pay for 50% of the Lignosulfate which the County did not have in the budget. Instead the County elected to attempt to hold the Province at their word.

The County and Little Bow resort have now joined forces against the Province. They would like each of the owners of Little Bow to write a letter to the Province insisting that they keep their promise. Attached to this newsletter is a letter that was written by the External Relations Committee, Little Bow Resort to the Province. Please feel free to use as a template. With the Wildrose Alliance quickly gaining speed, the Province is very concerned about where their core support is in the Province, specifically Calgary & Lethbridge. If you live in these areas, please use this to your advantage. The intent is to get the ENTIRE #529 paved so if you are from Lethbridge or travel from the East side of the unpaved #529, please ensure you specifically mention this. If you are a fulltime owner, please also indicate the driving conditions in winter & rain. Remember to include other information such as the amount that you pay for taxes to own both your lake house as well as your city house. 50% of these funds go to the Province. We were successful with 60 letters to the County to have taxes lowered. If we can get as many or more letters to the Province we are confident that we will be successful as well.

Please send your letter to the Minister of Transportation, Luke Oulette and cc County as well as the Little Bow Board if possible so that the County and the Board can follow up and ensure your letter is heard.

In addition to a letter writing campaign, we have launched an official Provincial Petition that we are getting everyone in the County to sign. If you would be willing to sign the petition, please see one of the full timers listed below. You can see anyone that you are familiar with but the following fulltimers will be canvassing these areas during the long weekend. Vivian & Harvey Hillaby - Vista Height & Wildrose Way or Drive (Unit # 103), Elfie Hall - Phase 1 (Unit # 614), Heather Girvitz - Phase 2 (Unit # 631), Doug & Brenda Evans - Phase 3A (Unit # 448), Linda Foote - Phase 3B (Unit # 475). As of this writing there are over 100 signatures.

We will never have a better opportunity to have this highway paved. Please act and help us get this done.

Email Addresses to send your letter

To : Minister Luke Ouellette ([infras-trans.minister@gov.ab.ca](mailto:infras-trans.minister@gov.ab.ca))

CC : Derrick Annable ([division1@vulcan.ca](mailto:division1@vulcan.ca))
